

Coaches Classic Ladies Luncheon  
The Lodge, Pebble Beach Company  
Tuesday May 31, 2022

We were delighted when Lisa accepted our invitation to do a presentation for our Coaches Classic Ladies Luncheon at the Lodge in Pebble Beach.

Her inspiring keynote message helped spark the passion of our participants to believe in accomplishing their dreams and life goals.

The high-energy presentation was well crafted, thought provoking and exceeded our expectations.

I always ask our presenters to provide a list of takeaways so attendees can immediately begin to use what they've learned, but some never follow through. In contrast, Lisa's bullet-pointed action steps were outstanding.

The diverse audience was very appreciative of the informative content and inspired by Lisa's engaging and dynamic speaking style. Everyone benefited from a real-life, useful "takeaway" that they could implement into their own life right away. The feedback was universally positive with many people commenting that they enjoyed, and were inspired by the reading from her memoir.

Our participants took Lisa's words to heart and gave us feedback that they are putting some of her suggestions into practice.

I would recommend Lisa to any group looking for an informative, energetic and inspirational presenter—no matter the audience. Thanks, Lisa, for making me look like a rock star and for putting together an excellent keynote speaking program that was EXACTLY what we were looking for!
